ILS

Lime Spreader

Proudly manufactured in Europe

Safe, Practical, and Reliable: these are the things that make the Iris ILS Lime Spreader the best choice for the job.

Ask us about our competitive equipment Finance rates!

SEEDERS • AERATORS • SPREADERS • SPRAYERS • MIXERS • SLASHERS • CULTIVATORS • WRAPPERS

When it comes to spreading Lime and Gypsum Powder, the last thing you want is to have the wind carry those fine, powdery particles over to your neighbors.

Now, the Iris ILS Lime Spreader with its spinner-less technology and ground-driven design, all its powder content goes straight into the ground where they belong. No dusty mess, no irritations.

Move at an even pace and watch its ground-driven agitator leave behind an even trail of lime, gypsum, or powdered fertilizers! Just hitch it and hit it, No PTO shaft to think about!

Now available in separate units for either ATV/UTV's or Tractors!

- ✔ Effortless maintenance routines
- ✔ Easy operation, reliable application
- ✔ Best works at speeds between 6-12 km/H

Not seeing the right dosage?
Just reach back and adjust using a highly-accurate control lever.

Comes in Three Sizes

The Iris ILS Lime Spreader comes as an ATV/UTV type with 300 L hopper capacity or Tractor Types with 500 L and 700 L options.

Rust and Corrosion Resistant

The hull and hopper are made from Stainless Steel for maximum durability. The only difference is the ILS-200's lighter yet long-lasting FRP hopper so your ATV/UTV can haul it away with ease.

Optional Hydraulic Remote Control System

Control and convenience at your fingertips. Get this remarkable upgrade to control your unit in the comfort of your cab.
