SEEDERS • AERATORS • SPREADERS • SPRAYERS • MIXERS • SLASHERS • CULTIVATORS • WRAPPERS

Standard Features Include

- ✓ **Heavy duty frame** – Designed with a square frame structure to maximize durability.
- ✓ **Heavy duty poly hopper** – It is made of PE material, so it is not crushed even by strong impact and is hard and durable and resist corrosion.
- ✓ **Hopper Volume** – 400 – 700 liters
- ✓ **Spreading width adjustment** – 6m – 12m
- ✓ **Ground driven system** – It can be used by attaching it to ATV or UTV or compact tractor. No need for P.T.O or hydraulic spreader
- ✓ **Stainless steel parts** – Prevention plate, spinner disc and vances made of stainless material to reduce corrosion
- ✓ **Accurate rate control lever** – Installing lever guide pin to lock in the lever on desired rate.
- ✓ **Spinner clutch system** – Reduces unnecessary wear and tear by disconnecting the gearbox.
- ✓ **In cab Electric shut off system (Option)** – Easy to open and close shutters farther away, regardless of distance.
