The Agromaster AFS Field Sprayer is a tractor-mounted sprayer developed to meet the different requirements of plant protection treatments. They are extremely versatile and suitable to operate with open field situations to spray and distribute herbicides, insecticides and liquid fertilizers.

The AFS's wide range of spray booms together with different equipment options allow our sprayers to suit the requirements of any user.

6, 8, 10, 12 and 16m Galv frame Boom to suit AFS spray tank, these booms are equipped with Standard T nozzles readily available at any spray shop across Australia, these nozzles are drip free so you won't be dripping where you don't intend to spray.
