Decisive, dauntless, and overpowering. This was how the Vikings of old were described. Now, Iris's brought those very essences into the modern farmscape with its series of heavy-duty spreaders.

Introducing the Iris Viking Belt Spreaders, state-of-the-art machines with high-precision Hydraulic Outlet controls and stainless mesh Conveyor belt for more accurate dosing at bigger loads.

Equipped with Ground driven Spinner assembly to ensure maximum efficient output even with wider coverage.

Available in 2 T and 3 T models.

Manufactured in accordance with one of the most stringent quality assurance standards in the world.

- ✓ Certified for lime, gypsum, compost, and dry fertilizers
- ✓ Ground Driven Spinner and Agitator
- ✓ Hydraulic controls with 180° Full-Width Spreading
