WHAT MAKES TTI'S TANKS UNIQUE?

Over 25 years specialising in the manufacture of quality water cartage tanks

TTi has over 25 years specialising in the manufacture of quality water cartage tanks. We do not dilute our focus by producing storage tanks and other roto-moulded products.

Did you know the DNA of every TTi tank is recorded? This combined with rigorous quality checks including ultrasound thickness testing and laboratory impact testing ensures that our clients are getting the very best available tanks on the Australian market, giving you peace of mind. Our unmatched tooling engineering is reflected in every moulded TTi Tank.

ARE YOU READY FOR FIRE SEASON?

In the heat of the moment, you can always rely on TTi's Fire Fighting Equipment!

"I can say that their 1000L slip on units are fantastic, and that the two we bought this year were instrumental in saving our farms and a neighbour's house in the Yeppoon / Cobraball bushfires. When I ordered our second unit I considered it as cheap insurance!

"Highly recommend one of these TTi AquaPath™ units to anyone in the civil industry."

Peter Atkinson
Bulldog Earthmoving
Civil Contractor

"Very easy to take off the truck for something else if we're not using the tank. We've got six AquaPath™ units across the company. They're very versatile, easy to fill-up and make it a lot easier on site.

Michael Hanly
ACE Contractors Group Civil and Landscaping

"Highly recommend TTi, I couldnt recommend them any more, they always have the after sales service, and will hand deliver the unit! You cant ask for any better service!
